Hi Jennifer,

Take a look at the attached and see if it fits your needs. Thanks to ORM (Alison and Jamie Graff), Sam and Liz for catching a few things. One point in particular to clarify is that whether we have an adoption program or not doesn't affect our accreditation – nor our registration with USDA or our assurance with PHS. We'd just need to notify the AAALAC. So that argument isn't in the document you have here.

Let us know if you have any questions!

-Lou
